

## Voting card for moderators

This is a voting card for moderators of the 5GDHC serious role-play game. Moderators are **not allowed** to vote for their own moderating team. Please **scratch out your moderating team** from the list in the table below.

Please **select one team** who was the best in **each performance criterion** (active participation, creativity and collaboration). You can mark using **V** symbol. Only one vote in each criterion.

It is possible that one of the teams performed best according to all 3 criteria or different teams outstand in each criterion.

Criteria Teams	Active participation in all discussion rounds	Creativity in role performance	Collaboration with other stakeholders
District heating company (EnNet)			
Local authority (Glasgow city hall)			
Glasgow Housing Association (GHA)			
Waste Water Treatment Plant (WWTP)			
Workspace company 'Xplace'			

Based on the voting results, one team with the highest performance in all three criteria will get **5 points** from moderators.
