ZIPGROW™

SIMPLE & SMART DESIGN

- No complex parts of set-up
- Growing media + mechanical filter + biological filter, all in one
- Hydroponics or aquaponics

REFARMERS

F-CLEAN[®]

ETFE Foil for Greenhouse

AGC Green-Tech Co.Ltd.

- Light transmittance up to 94%
- Translucent to ultraviolet light
- Anti-dripping and self-cleaning properties
- Very high reflection and refraction rates
- Extremely high tensile strength
- Low degradation from sunlight and heat
(more than 30 years without any deterioration)
