In 2017, Sustenersol Company Ltd (Sustenersol) competed in the Green Solutions Awards, an international competition for climate solutions run by the Construction21 network. Sustenersol's Solar Microgrid Project for Rural School Electrification in Tanzania was a Finalist, competing for the Sustainable Infrastructure Grand Prize. Jane Oyugi, Co-Founder and CEO of Sustenersol says while her company did not win the Grand Prize, competing and being a Finalist afforded them plenty of opportunities to tell their story and participate in the Green Solutions Award ceremony during COP23/World Climate Solutions in Bonn, Germany in November 2017. It also provided the opportunity to present their project at the World Efficiency Solution conference in December 2017 in Paris, France. In an interview, Jane (...)
