

## EDE Alumni in Green Building Solutions Awards

Published: Thursday, 05 November 2015 13:50

A Gaia Education EDE Graduate is representing Italy in the prestigious Green Building Solutions Awards.

Anna Tambini, one of Gaia Education's GESE family, is participating in an international contest for exemplary building and solutions run by Construction21.

The Green Building Solutions Awards 2015 will be awarded during the COP21 in December in Paris.

The project called "Cohousing SanGiorgio: Ferrara" is running for its technical and engineering solutions and social architecture attributions.

More information (and photos) on their [Facebook](#) page.

Support Anna by voting for her project [here](#).
