Green Building Solutions Awards: 8 winners to inspire professionals worldwide

To mark the COP21 Buildings Day, on 3 December, Construction21 revealed the eight winners of the Green Building Solutions Awards in "La Galerie des Solutions", in Paris Le Bourget. The Construction21 international team brought together 200 guests for the occasion, from all over Europe and North Africa. The Minister of Environment of Morocco, host of the COP22 in 2016 opened the ceremony, accompanied by the Minister for the Environment Luxembourg. José Caire, ADEME and Michèle Sabban, President of the R20-Regions for Climate Action have also demonstrated their active support to this initiative.

Discover the 8 winners and their videos on the Construction21 website. Six winners were chosen by the international jury for each category below. The internet vote distinguishes (...)
